## *About Us*

---

Care With LOVE is the premier non-medical home care agency in the Fairfax County area, providing a wide range of in-home care services.

We are a locally-owned and operated company. In addition, we are passionate about serving seniors and those in need.

## *Our Mission*

---

Our mission is to make a positive difference in the aging experience. We aim to help seniors remain independent in their own homes as long as possible. We seek to improve the quality of their lives through dependable, caring service and thereby protect their dignity amid the changes to their physical and mental faculties.

We further commit ourselves to assisting the families of seniors who struggle with their complex responsibilities while caring for elder parents.

Our team performs its duties with confidence, commitment, cheerfulness, and care.

## *How to Get Started*

---

We will meet with you and your family and jointly determine the scope of care needed by conducting an in-depth assessment of your (or your loved one's) lifestyle and medical conditions.

During the meeting, we explain the services available, answer any questions you may have, and help with the important care decisions faced by a family with a loved one in need.
